NORMS FOLLOWED FOR FEE FIXING

The norms for fee fixation of Shri Shikshayatan School (the School) are as follows:

- The fee calculation is done by Accounts department in co-ordination with the Principal and the Headmistress taking into account the year-long activities, student welfare, inflation, library requirements, teacher capacity building requirements etc. Thereafter it is sent to the Secretary of the School for suggestions and modification (if any) who thereafter, sends it to the President of the school for comments and approval.
- The approved fee structure is presented before the Managing Committee which comprises Nominated Members, teachers' representatives and parents' representative. It is discussed before the Managing Committee. Any suggestion given is incorporated. Finally, a resolution is passed to that effect, which is finally passed by the Executive Committee of the Society. Thereafter, it is implemented.
- Till date the fee increase has been within 10% of the preceding year.
- The information is shared with the parents through the school website and the school diary
